

Die Giftzwerge - Gehen Boom Lyrics

Hans and Halo, we're at it again
The original funkmeisters from West Berlin
Infecting the US and dropping bombs on France
with a synth that makes you wiggle like there's jello in your pants

So turn off the television get on your PC
Go to mp3.com and enter search D-I-E-G
Cuz we're wired like braces and stank like feet
"Hey Halo, what's your vegetable of choice?"
"BEETS!"

Die Giftzwerge's gehen BOOM
Die Giftzwerge's gehen BOOM
Die Giftzwerge's gehen BOOM
Die Giftzwerge's gehen... BOOM

We don't like expression, we wear all black
We don't believe in existence, so just stay back
Or we attack you with treble and squash you with bass
If you mess with Hans and Halo we gehen boom in your face

A dangerous obsession with precision timing
180 BPM and multilingual rhyming
So get out the bratwurst, start speaking in code
'Cuz Hans Jöb and Halo Kraus are going to EXPLODE

Die Giftzwerge's gehen BOOM
Die Giftzwerge's gehen BOOM
Die Giftzwerge's gehen BOOM
Die Giftzwerge's gehen... BOOM
